LANDS, FORESTS, AND WATER RESOURCES

FOREST ACT

In the Matter of the Request for a Pulpwood Harvesting Area under Section 17A of the *Forest Act*, and the Public Hearing of the Submission of Kamloops Wood Conversions Ltd. Held at Kamloops on September 6, 1962.

UNDER authority invested in me under section 17A of the *Forest Act* as Minister of Lands, Forests, and Water Resources, a public hearing was held on September 6 in the banquet-room of the Highlander Restaurant at Kamloops, B.C.

At the hearing, Kamloops Wood Conversions Ltd. presented to me proposals for the establishment of a pulp operation in the Kamloops Forest District. This operation to include the establishment of a fully bleached kraft-pulp plant in four stages, with a minimum initial capacity of 200 tons per day and the utilization of the pulpwood from the following public working circles and sustained-yield units: Barriere, Niskonlith, Salmon Arm, Spallumcheen, Adams, Barton Hill, Botanie, Eagle, Nehalliston, Nicola, North Thompson, Raft, and Shuswap.

A large number of statements were made in support of the proposal. Eleven people appeared at the hearing and in addition thirty-one telegrams and letters were filed. Representation was made by Boards of Trade, Chambers of Commerce, lumbering companies, grazing interests, individual employees, Indian bands, and railroads.

The support for the proposal ranged from unconditional to support with certain reservations. The main reservations were: That the final agreement make adequate provision to protect the interests of the lumbering and grazing interests and that the company be required to make every effort to control air pollution that may result from the operation of the pulp-mill.

One objection was received, and that was from Celgar Limited, who objected to the inclusion of the Spallumcheen Public Working Circle in the proposed pulpwood harvesting area. It was their con-

tention that if they were to expand their pulp-mill at Castlegar, they would be looking to the Sugar Lake area of the Spallumcheen Public Working Circle as a source of pulpwood for their future operation of their pulp-mill. They further pointed out that this area was a logical expansion of the operations being conducted on their Tree-farm Licence No. 23.

This objection is based entirely on future requirements which have not been demonstrated by actual performance, and the tree-farm licence held by Celgar has not yet been developed to its ultimate potential.

In so far as the pulpwood harvesting area before me is concerned, performance is going to determine the actual ultimate designation of the boundaries, and inasmuch as the applicants do not have the benefits of a tree-farm licence, I contend that they should have this opportunity. If they cannot in future utilize the pulpwood potential of the area, the boundaries can and will be revised on the basis of their requirements.

After considering the facts before me at the hearing, I am satisfied with the terms and conditions of the proposal submitted by Kamloops Wood Conversions Ltd.

Pursuant to section 17A, subsection (1) (d), I herewith designate the area within the Barriere, Niskonlith, Salmon Arm, and Spallumcheen Public Working Circles and the Adams, Barton Hill, Botanie, Eagle, Nehalliston, Nicola, North Thompson, Raft, and Shuswap Sustained-yield Units to be Pulpwood Harvesting Area No. 2. I further propose to grant to Kamloops Wood Conversions Ltd. an option to purchase the pulpwood from the above-designated pulpwood harvesting area subject to an agreement satisfactory to me.

RAY WILLISTON,
Minister of Lands, Forests, and
Water Resources.
